Adult Learning and Literacy (ALL) provides grants to adult learning centres and part-time community-based literacy programs and ongoing support in the development and delivery of adult focussed programming. Programming is designed to enable Manitobans to have the ability to understand and employ printed information in daily living activities at work, at home, and in the community and to obtain high school credentials so they can access higher education and/or better employment opportunities.

Adult Learning and Literacy also offers training and professional development workshops for new and experienced literacy practitioners and adult learning centre teachers.

Adult Learning and Literacy also administers the General Educational Development (GED) Testing Service. Test schedules, forms for registering to write the GED or requesting a duplicate copy of your GED transcript can be downloaded from our ALL website. Persons wanting additional information regarding the Manitoba GED Testing Service may contact the GED Administrator.

ADULT LEARNING CENTRES

An adult learning centre is a community partnership, which provides adult learners who are 19 years of age and older with opportunities to develop employment skills, enhance their academic qualifications and engage in life long learning. The centres or programs offer a variety of grade 9 to grade 12 high school credit courses. They enable learners to complete the Mature Student Diploma Program, obtain the necessary courses as a prerequisite for attending post-secondary institutions or become more competitive for new employment opportunities.

In addition to the grade 9 to grade 12 credit courses, adult learning centres may provide the following courses or other services:

DUAL CREDIT COURSES

Courses where you can receive credit for both high school and post secondary programs.

PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR)

PLAR is a process used to identify, document, assess and recognize skills and knowledge. Learning takes place in many situations including: work, hobbies, family, military, volunteer activities, travel, independent study, formal education, and workplace training. In PLAR, individuals prove learning in a variety of ways.

NC (NON-CREDIT) ACADEMIC

Academic courses that do not count towards a mature student high school diploma such as literacy or adult basic education courses.

NC (NON-CREDIT) VOCATIONAL

Customized or "fee for service" courses linked to business/industry or for general interest purposes such as resume writing, interviewing or career exploration courses.

ADULT LITERACY PROGRAMS

An adult literacy program provides adult learners with opportunities to develop the ability to understand and employ printed information in daily living activities at work, at home and in the community in order to reach personal goals and develop individual potential. The programming ranges from beginning level to more advanced reading, writing, oral communication and numeracy skill upgrading.

Participants in adult literacy programs should be 18 years of age and older and out of school at least one year. Adult literacy programs are sponsored by community-based organizations.

The following services may be offered by an Adult Literacy Program:

CERTIFICATE IN LITERACY AND LEARNING (STAGES 1 – 3)

A learner-focused, portfolio-based curriculum designed to give recognition to learner achievement in upgrading reading, writing and speaking skills. A certificate is awarded by the Department of Advanced Education and Literacy.

FAMILY LITERACY

Refers to the ways families use literacy skills to perform tasks and meet their needs within the home and community. It supports the literacy development of all family members.

ONE-TO-ONE TUTORING

Programming that matches a learner and a volunteer, who provides one to one instruction.

EAL LITERACY

Programming that addresses English literacy development for those that require English as an Additional Language.

GENERAL EDUCATIONAL DEVELOPMENT (GED) SERVICES

The General Educational Development (GED) is an international high school equivalency testing program for adults. It consists of a series of five tests in the following areas:

- Language Arts, Reading
- Language Arts, Writing
- Mathematics
- Social Studies
- Science

The GED tests are designed to measure the skills that correspond to those of recent high school graduates. They involve the ability to understand and apply information; to evaluate, analyze, and draw conclusions; and to express ideas and opinions in writing. Adults who pass the five tests receive a Senior Years Equivalency diploma.

In some jurisdictions, GED test scores are accepted as being equivalent to secondary school graduation requirements for the purposes of employment, promotion, and licensing. Some post-secondary institutions (such as community colleges and universities) may accept GED test scores for admissions purposes.

Adult Learning and Literacy cannot guarantee that a GED certificate will be accepted by employers or post-secondary institutions in every instance. If you plan to use the GED certificate for community college, university entrance or for a job application, you should first ask the institution or workplace involved if the GED is acceptable or meets their minimum requirements.

For complete information about GED Testing Services, check out our website:

Program Description:

The Aboriginal Community Campus is a division of The Centre for Aboriginal Human Resource Development. The Campus offers educational programming year round, with a continuous intake schedule. The Campus provides programming for all levels of learners and has two main divisions; Upgrading and Academic Programs. In the Upgrading program individuals are assisted with upgrading their reading, writing and math skills to a Grade 10 level. Science, computers and community and current events are also studied. Upgrading is presented to participants with an employment focus and this is identified in an action plan developed during their program. The Academic Program offers educational programming for participants to obtain their Mature Student Grade 12 Diploma. All courses offered are University entrance. Courses are offered on a monthly basis, allowing students to focus on two credits every two months. Eight credits are required to graduate.

Program Description:

The Aboriginal Literacy Foundation is a non-profit adult learning environment designed to provide relevant programming to Aboriginal adults in the Winnipeg Aboriginal community. The Aboriginal Learning and Literacy Centre believes in building stronger communities one family at a time. The Aboriginal Literacy Foundation offers small and large group instruction, one-on-one, and computer assisted learning. Participants in the program receive instruction in reading, spelling, writing, numeracy, science, and computers. The program also provides opportunity for community development and volunteerism.

Program Description:

Adult Education Centres serves two main student clientele. We offer the Mature Student Diploma program to students 19 years or older who have never graduated from high school. As well, about 30% of our students are high school graduates returning to upgrade or take prerequisites for post-secondary training or education. We offer classes both day and evening, and have a staff of five full-time and seven part-time teachers. The centre also provides literacy and upgrading courses for those students needing preparation to enter high school or to take the Grade 12 level courses. Students can access a full range of science and mathematics courses.

Description du programme:

Le Centre d'apprentissage franco-manitobain offre des cours qui ont pour objectif d'appuyer le développement de notre communauté tant au niveau andragogique que professionnel.

Le programme s'adresse aux adultes francophones âgés de 19 ans et plus qui veulent

- Compléter des études secondaires créditées, menant à l'obtention d'un diplôme. Les cours sont dispensés le soir et ce, sur une base semestrielle.
- Reprendre ou suivre un cours afin d'augmenter une note ou pour satisfaire des besoins professionnels.

Le Centre dispensera des cours offerts dans les établissements d'enseignement secondaires soit: français, mathématiques, sciences humaines, sciences pures et informatique.

En plus des cours offerts, la formation reçue au Centre tiendra compte des habiletés potentiellement transférables d'un emploi à un autre et ce dans le but d'aider notre clientèle adulte à s'adapter sur le marché du travail.

Barry Hanrahan, Assistant Instructor

Program Description:

Adult upgrading: GED, EAL, and basic Computer.
Volunteer tutors teach one-on-one students.

Family Literacy Program Description:

READ TO ME is open to any preschool child and their parent or other caregiver. This theme-based program promotes the fact that "A parent is a child's first and most important teacher." Each half-day session includes a Circle Time, an Adult Group Time, a snack, and a craft. A large take-home library and incentives provide encouragement to families to establish reading as a valued activity within the home.

There are two 8-week programs, offered Tuesday and Thursday mornings, at McIsaac School-École McIsaac in Flin Flon. There is no cost for participants, and transportation can be provided. A third session will occur if enrolment is sufficient.

Darlene Wheeler, Director

Program Description:

The centre offers a wide variety of Grade 11 and 12 high school credit courses, including but not restricted to: Language Arts Transactional, Language Arts Comprehensive, Pre-calculus, Consumer Math, Biology, Chemistry, Psychology, Law, Career Education, and English as an Additional Language, Family Studies, Accounting, and Automated Office.

We address the needs of students' intent on earning their Grade 12 Diploma or for those wanting to upgrade existing skills to enhance their employability or upgrade for post-secondary purposes.

The day program features a 9-week quarterly schedule while the evening program is on a semester schedule. Classroom instruction is the method of delivery. A small in-house store is operated by the students. The profits generated from this venture provide modest cash awards to those students who have displayed academic excellence and are pursuing post-secondary education.

Program Description:

Empower Education Centre offers a pre-grade 9 / literacy program that offers adults the opportunity to achieve their personal literacy goals, enhance their access to further education, and/or improve their employment prospects.

The focus of Empower is for adults (19 and over) to obtain the Mature Student High School Diploma. The Centre offers student academic advising and career exploration services in a student centered environment. We strive to meet the individual needs of our learners. Therefore we offer classroom instruction for selected courses and individualized, self-paced, modular based instruction that is facilitated by teachers for other courses. We offer online courses. Prior Learning Assessment and Recognition advising services are available to the student.

Other Programming:

Get a Red River College Bookkeeping & Small Business Office Certificate at the same time you get your Mature Student High School Diploma at a very reasonable cost. This is an exciting new partnership with Red River College. It is designed to meet the office needs of small businesses. On completion of this program, you will be qualified to carry out the receptionist, secretarial, book-keeping and payroll functions normally found in small business. You will also be qualified for entry-level positions in larger businesses and the different levels of government.

Program Description:

Students can access Adult Literacy Programming as well as one-to-one tutoring.

Classes are held Monday to Friday from 8:00 a.m. to 4:00 p.m. Year round.

HCC School offers basic literacy, general upgrading, GED preparation and high school credit course (through ISO) to provincially incarcerated adult male offenders. Each student has an individual education plan based on his own academic level and future goals. Volunteer tutors also participate in the education process by assisting students in particular areas of need.

Other Programming:

There is a computer refurbishment shop on site that allows inmates to earn A+ Certification and IC3 Certification. This shop is a joint venture among Manitoba Justice, Industry Canada, and Computers for Schools and Libraries.

Program Description:

The International Centre of Winnipeg offers a comprehensive range of services for immigrants, including Adult Education, Career Mentorship, Employment, Language Bank (interpretation, translation and notary services), Nutrition, Settlement, Volunteer Services, a Youth program and Computer Lending Library.

Adult Education Services supports adult immigrant learners through all stages of their educational process. A detailed assessment is first conducted with each client to identify needs for second language testing or training, adult literacy or secondary classes, computer, trades or vocation training and preparation for college or university entrance. Clients who have professional credentials from their country of origin are often assisted with certification issues. The unique needs and goals of each client are addressed by an individualized learning plan that is developed in conjunction with the Adult Education Officer. The process also can involve:

- Referring clients to an appropriate adult secondary, literacy or EAL program;
- Advising clients about how to develop computer and academic skills;
- Career testing, exploration and counselling;
- Assisting with college and university admissions and registrations;
- Advocating with educational or professional organizations, and
- Identifying sources of funding for education and completing the necessary application materials.

The International Centre also delivers the **TapIn** program, which helps immigrant learners' access surplus seats at a reduced cost in a variety of continuing education programs in Winnipeg. The minimum benchmark level required is 5.

Wheelchair accessible.

Program Description:

The program is delivered to inmates at the Winnipeg Remand Centre for 9 hours weekly, in addition to personal tutoring offered on a limited basis. The program offers literacy assistance, other academic skills assistance, a Personal Development Workbook series and group sessions tailored to enhance personal and academic progress.

The program is also offered on a drop-in basis; please phone to make an appointment at the 583 Ellice Avenue office. This is a one-to-one tutoring program focussed on academic/personal development.

The John Howard Society produces a series of personal development literacy workbooks on topics of interest to our clients. These are available to purchase for other literacy programs or learners outside of our program. Please visit our website for ordering and information.

Program Description:

We provide small group tutoring workshops and one-on-one tutoring to Post-Secondary Students with Learning Disabilities (LD) or Attention Deficit/Hyperactivity Disorder (ADHD). The purpose of these workshops is to help students with LD and ADHD develop the skills necessary to succeed within the context of education while promoting learner independence. Workshops focus on developing increased understanding of LD or ADHD and personal learning styles. Students learn how to take a meaningful approach to learning using metacognitive strategies for improving study skills, test taking, and time management and organization. This tutoring workshop and tutoring approach also aims at building self confidence, self-esteem, and self-advocacy skills for academic success.

One-on-one tutoring is available to children and youth with disabilities and tutoring workshops are available to youth age 12 - 18 for improving academic outcomes.

Call or e-mail for more information.

Program Description:

- LPM is committed to raising literacy levels in Manitoba and providing service to adults with literacy challenges.
- LPM responds to calls to the LEARN Line (947-5757), providing information to potential learners, their families, friends and employers about literacy programs and other learning opportunities and programs. The Learn Line also handles calls from potential volunteers and links them to literacy programs.
- LPM supports the literacy field by operating a resource centre with a wide variety of literacy materials and resources, producing the newsletter Write On! and e-bulletins. We provide bursaries to support learners and practitioners in adult literacy programs and grants to family literacy programs.
- LPM has a Plain Language Service (translation of documents, websites, etc.), a Learner Speakers' Bureau and we provide literacy information to business, labour, the media, government, and the public at large.
- LPM encourages individuals, organizations and businesses to become members of LPM.

*"We have the right to have opportunities to learn and be as independent as possible.
We have the responsibility to tell people about our dreams and goals."*

- Manitoba Developmental Centre Resident Bill of Rights and Responsibilities

Program Description:

The Specialty Care Literacy Program provides a positive atmosphere for adults with a developmental disability to develop and enhance their literacy skills. We offer small group and individualized classes, which are tailored to the individuals needs. The focus is on emergent literacy, functional literacy, and special requests for learning made by the learners.

Increased literacy has the potential to build self-esteem, confidence and competence when engaging in activities of daily living. Literacy is a means through which learners can better understand and interact with the world around them. Furthermore, literacy skills empower learners to be independent and motivate a desire to learn and achieve their goals.

Program Description:

The focus of New Directions is for adults (19 and over) to obtain the Mature Student High School Diploma. The Centre offers continuous intake, student academic advising and career exploration services in a student-centred environment.

The Centre strives to meet the individual needs of adult learners. Classroom instruction is offered for selected courses and individualized, self-paced, modular based instruction that is facilitated by teachers for other courses. Some online courses are offered. Prior Learning Assessment and Recognition advising services are available to the student.

Other Programming:

Get a Red River College Bookkeeping and Small Business Office Certificate at the same time you get your Mature Student High School Diploma at a very reasonable cost. This is a new partnership with Red River College. It is designed to meet the office needs of small businesses. On completion of this program, you will be qualified to carry out the receptionist, secretarial, bookkeeping and payroll functions normally found in small business. You will also be qualified for entry-level positions in larger businesses and the different levels of government.

Program Description:

The Portage Learning and Literacy Centre provides adult-focused programs from basic literacy and numeracy all the way to Grade 12. It also provides Family Literacy, employment programs and English as an Additional Language services.

The Centre runs all year. Applicants contact the Centre in person, or by phone, fax or e-mail. We then arrange an appointment at the Centre to explore educational history, academic levels and to discuss goals. A program of study, schedules and a start date are then arranged. A timetable is available at www.learningcentre.net. Programs can be full-time or part-time depending on a learner's other commitments and sponsorship arrangements. All learners are required to make regular progress. Programs can be delivered in small group settings, or individually. The Centre's Family Literacy and English as an additional language programs take place off-site. The Centre is able to assist learners with transportation and other supports on a case-by-case basis. A certified onsite daycare is available. All Centre services are free.

Adult Literacy: PLLC offers community-based adult literacy programming. The program focuses on upgrading/developing skills in reading, writing and numeracy. The program offers support for GED readiness and EAL instruction.

Family Literacy: A family literacy program offered on Tuesdays and Wednesdays for the months of Sept and October and April and May. The morning and afternoon sessions are two hours in length and include a variety of poems, fingerplays, songs, stories, games and crafts centred around the theme of the day. The program is open for 3-5 year olds and their caregivers. The program is set up to help the parent prepare the child for Kindergarten, and at the same time model ways to show that learning is fun and a lifelong process.

Program Description:

The Regional Alternative Education Centre (RAEC) provides educational opportunities for adult and teenage learners through individualized programs in an open classroom. The Centre is a satellite classroom of W. C. Miller Collegiate for teenage students, an adult learning environment for adults wanting high school credits, and is the Altona site for Campus Manitoba.

Courses include Grades 9 to 12 core academic courses, business-orientated credits such as computer, keyboarding, and accounting and optional credits such as family studies, psychology, and the civic service credits. Courses are individualized to meet curricular outcomes and learners' needs. A computer management system holds course content and monitors learner progress.

Individualized learner programs mean that intake is continuous throughout the year. Learning is self-paced, supported by teachers and educational assistants who set completion goals with students. Different learning styles are accommodated through the varied pace, choices of learning activities, and diverse assessments. Practical assignments are built into courses wherever possible.

RAEC runs on technology, so base line computer skill training is available and embedded in the learning at this ALC. RAEC has established partnerships with local businesses to support learners, promote the adult learning centre, and offer upgrading to meet work requirements.

Program Description:

Community Services Offered: Adult Literacy Services reaches out to individuals with intellectual and developmental disabilities and programs that serve them within the province. Support is offered in the following ways:

Consultation: resources, assessment, literacy goal setting for individuals or programs wishing to embark upon literacy education.

Workshops: developed to meet the needs of the organization or program whether at an entry level of defining literacy or an expanding level of developing assessment and evaluation tools.

Tutor Training Program: an eight week course for individuals interested in tutoring adults with intellectual developmental disabilities. The program focuses on assessment, evaluation, goal setting, and teaching strategies with the net result being the development of a literacy portfolio unique to the tutor's adult learner.

Program Description:

The Ste. Anne Adult Learning Centre offers adults the opportunity to further their education by offering courses that help them achieve a high school diploma, pre-requisites for post-secondary study, or improve their employment skills. The centre offers courses from Grade 9-12 in all subject areas including English Language Arts, Mathematics, Physical Sciences, Social Sciences, Business and Computer Technology. Courses can be taken independently and in teacher-led classes to allow for the flexibility of scheduling that adult learners need. Knowledgeable staff are always on hand to help learners whether it be in person, over the telephone, or via email.

Other Programming: The centre also offers some basic skill upgrading to prepare learners for entering Grade 10 English and Math courses.

Program Description:

Our program is available three days and two evenings per week. Includes computer, group settings, referrals, one to one tutoring, GED preparation and Pre-Mature High School Diploma preparation.

Family Literacy Description:

The Selkirk Rhyme and Reading Circle is a community-based Family Literacy Program incorporating aspects of the Parent Child Mother Goose model. We have extended the Program to include a focus on books. Parents of pre-school children are involved in learning to read children's literature with a focus on interactive strategies to share the books with their children. Our aims and objectives are to enhance the reading, writing and communication growth of our participants by building on the oral language awareness and competency developed via the Mother Goose model. We offer weekly sessions during which parents focus on books, rhymes, songs, and stories with their children and then separate to focus on books and bookmaking while their children simultaneously do activities based on a weekly theme.

Program Description:

A pro-active, community-based working group, which coordinates, delivers and provides access to basic education, English as an Additional Language (EAL) and literacy learning opportunities for adults in South-eastern Manitoba.

Offers part-time community-based English classes for adults, including:

1. Reading and Writing Skills – for personal reasons, employment or to prepare for further training.
2. English as an Additional Language – to improve speaking, listening, reading and writing skills.

Literacy Stages classes are held in Steinbach at the Jake Epp Public Library: M/T/W 1:00 p.m. to 4:00 p.m. Specialty classes are scheduled as needs arise: Reading for Citizenship, Basic Math, etc. Evening literacy classes are held twice a week in Steinbach, Grunthal and Niverville.

EAL: community-based day and evening classes from Beginner to Intermediate Levels, schedules for *English at Work* classes are determined by employer needs.

Family Literacy Description:

The Family Literacy program for parents and their pre-school children is based on Mother Goose and LAPS materials. Sessions are generally held in the fall, winter and spring, runs 8 – 10 weeks, and meet once a week for 2 hours. Location of programming depends on needs identified by community partners such as schools and public health staff.

Program Description:

The UFCW Training Centre is a labour-run adult education and training centre funded through an education and training trust fund negotiated with employers in collective bargaining. The centre serves members, retirees, family and friends of UFCW Local 832. The Winnipeg Centre has six classrooms, two computer labs, a computer independent learning centre, a Career Transition Resource room, and a break room. The Brandon satellite facility includes two classrooms, a computer lab and a break room. Courses in rural areas across Manitoba are held in partnership with community colleges or school divisions.

There are five main program streams: Mature Student Diploma program, Continuing Ed – non-credit, Career Transition Service, UFCW Shop Steward Diploma/Health & Safety Committee training and UFCW Workplace/Custom training.

The Mature Student Diploma Program is offered in partnership with Winnipeg Technical College and features small classes. Certified teachers are experienced working with adults and are familiar with the challenges associated with coming back to school as a working adult. Additional credits are offered for heritage language proficiency, through Student Initiated Projects, independent study or PLAR.

Non-credit courses include a range of Microsoft computer classes, EAL classes, Safe Food Handling, literacy, French and Spanish. A variety of health and wellness courses are also offered including CPR/First Aid, Boat Safety, and Pilates.
